

Genocide: A Select Bibliography

Patrick S. O'Donnell (2020)

“Meo Soknen, 13, stood inside a small shrine full of human bones and skulls, all victims of the Khmer Rouge ... in Kandal Province, Cambodia.” Heng Sinith/Associated Press (2009)

There’s a little bit of everything here: legal, sociological, historical,* and philosophical approaches to and dimensions of genocide, as well as several works that focus on specific and well-known cases of genocide in the twentieth century. I welcome suggestions for additional entries to this (‘select’) list. There are quite a few works on The Holocaust, so I’ve only selected a handful of titles. A much larger list is found at Wikipedia’s [bibliography for The Holocaust](#).

Alas, I have another bibliography with some family resemblance to this one: [Famine: History, Causes, and Consequences](#).
